- Classroom sessions will occur at three times and will provide identical information at each time.
- The multipurpose room information fair, held during each of the three sessions as well, will include opportunities to learn about the school vision and values, key goals for the year, the 2010/11 parent handbook, the administrative team, specials classes (Art, Library, Music, PE, and Science), our counseling team, our health team, our instructional coaches, the School Improvement Team (construction), the Local School Restructuring Team, the PTA and more.
- We have three sessions so that families with multiple children can visit each of their classrooms.
